## THE WOOLGROWERS

OREGON MAY SEND A DELEGATE TO WASHINGTON.

Sheepmen Interested in the Matter of Regulating Forest Reserves and in the Form of Range Leases—Vital Questions to Be Discussed by Forestry Congress in Washington, D. C.

A meeting of the Oregon Wool-growers' Association is called to be held in this city on Monday, December 13, for the purpose of discussing the question of sending a delegate from Oregon to the Forest Congress, which meets in Washington, D. C., on January 2, for the purpose of discussing the disposal of the forest reserve ranges of the West.

The method of leasing the reserve lands will be decided by this forestry congress, and it is imperative that every section of the United States having livestock interests, to be in attendance and assist in arranging the details of the leases and leasing system to be adopted there.

The government officials will be on hand to listen to the advice and suggestions of the practical stockmen, and the form of leases and regulations governing the reserves will largely depend on the strength of the stockmen's representation at the congress.

If the stockmen do not take enough interest to attend the meeting and assist in formulating some practical method of disposing of the leasing question, then the forest theorists in the government departments will decide upon the policy to be adopted.

A large attendance of woolgrowers is urged to be present at the coming meeting in this city, in hopes that some definite steps toward sending a representative may be taken.

### NATIONAL LEAGUE MEETING.

Line-up of Managers for Season of 1905.

New York, Dec. 13.—National League baseball for the season of 1905 made its debut today with the assembling of the league magnates in this city for their annual meeting. The ostensible purpose of the winter meeting is to wind up the affairs of the past season, but the present meeting will deal chiefly with affairs relating to the coming season. The schedule will come up for discussion in a preliminary way and a decision may be reached regarding the advisability of shortening the playing season.

Another matter to receive attention is that relating to post-season games and an effort will be made to put them on some recognized basis in harmony with similar action to be taken by the American league. It is probable that the responsibility of the post season games to be played by teams of the opposing leagues will be placed upon the shoulders of the national commission, consisting of Messrs. Johnson, Hermann and Pulliam.
